AUGUST, 2019**

**TEACHER FEEDBACK ANALYSIS AND ACTION TAKEN REPORT
(Academic Session 2018-2019)**

The institution takes feedback from the teachers every year. During the academic session 2018-2019, total 25 nos. of feedbacks have been collected from the teachers. The feedbacks are basically on the curriculum, teaching-learning process and on the infrastructural facilities of the institution. An analysis of the feedbacks brings forth that the teachers are very much satisfied with certain aspects of the curriculum such as the prescribed course content as well as its relevance, the future scope of the prescribed courses in introducing new courses and also provided positive feedbacks regarding the existing programs' sufficiency in meeting the students' requirement of employability skill. Although most of the teachers are satisfied with the academic calendar, a few teachers reveal that the course content is so large that the teaching days are insufficient to complete the syllabus. Most the teachers are unable to use ICT tools in the classroom because there is a lack of ICT based classrooms at the institution. After a proper analysis of the collected feedbacks, some drawbacks have come into forth which are suggested by the teachers and are mentioned below:

1. A few teachers suggested providing e-learning facilities at the institutional central library.
2. Some teachers asked to provide ICT based classrooms and Wi-Fi facilities at the institution.
3. A few of the teachers asked the authority to introduce skill based or vocational courses for the benefit of the student community.
4. A few teachers demanded that sports facilities of the institution should be improved.
5. Some teachers demanded for departmental common rooms as well as more classrooms for the existing departments.
6. A demand for college canteen was also raised from the teachers.

The feedbacks collected from the teachers were discussed in IQAC and carried forward to the institutional authority. Accordingly, the authority takes the following actions:

1. Some bundles of textbooks as well as reference books of existing programs have been purchased for the central library.
2. An initiative has been taken by the authority to open English Honours program and PGDCA program in the institution.

Conclusion:

The feedbacks collected from the teachers were analyzed and suitable actions were taken in order to satisfy the expectations of teachers.
